## **Part Two - Cleveland City Planning Commission:**

Due to the limitations of NOACA funding, it is important that the City of Cleveland be selective regarding the number and quantity of TLCI applications that it will support. The following are additional questions which will be graded by City Planning staff to evaluate TLCI proposals.

### **Connecting Cleveland 2020 Citywide Plan – CPC (20 points):**

This question relates to how the TLCI proposal relates to the Citywide 2020 Plan, specifically the Transportation & Transit Chapter of the plan. Please select which parts of your proposal relate to the policies and strategies, and then describe further. Responses are limited to 500 words.

#### **Policies & Strategies (circle all that apply):**

- Transit-Oriented Development**
- Mixed-Use Development**
- Mass Transit**
- Neighborhood Bus Service**
- Transit Amenities**
- Transit Line Extensions**
- Bicycle Travel**
- Pedestrian Travel**
- Maintenance of Existing Infrastructure**
- Regional Land Use Planning**
- Traffic Calming**

- 1.) How does the proposed study meet the policies and strategies outlined in the Transportation & Transit chapter of Connecting Cleveland 2020?**

**City of Cleveland Project Coordination (20 points):**

This question associates the TICI proposal and how it relates to existing projects/conditions and future project installations. The desire of the planning studies is to work towards eventual implementation, which could be in the form of phased or full implementation. Understanding how the proposal relates to existing or planned conditions is critical, in evaluating its merits. Responses are limited to 500 words.

- 2.) How does the proposed study relate to any existing projects or future funded projects?**

**Cleveland City Planning Department Principles and Goals – CPC (10 points):**

This question is tied to how the TICI proposal relates to City Planning principles and goals of health, equity and sustainability. The City Planning Commission advocates for the preservation and establishment of prosperous communities that are authentic and diverse providing equitable access to the resources necessary for residents to thrive. We accomplish this by enhancing physical development, preserving the City’s history, and creating places for people that are healthy, sustainable, and vibrant for current and future generations. Please respond to each part of the question. Responses are limited to 500 words.

- 3.) How does the proposed study meet the department principles and goals of health, equity and sustainability?**
