### Permitted Uses in Proposed or Existing Zoning Districts:

#### Existing

**General Retail Business Districts:** Retail stores, department stores, funeral parlors, new and used car lots, gas stations, office buildings, hotels and motels, banks, gamerooms and similar uses. **Semi-Industry Use Districts:** Warehouses, auto repair garages, cold storage plants, garment factories, newspaper plants, trucking terminals, breweries, and other light manufacturing uses. (Section 345.03)

#### Proposed

**The Urban Form Overlay (UF Overlay) District:** is established to create a high degree of walkability and design quality for Cleveland's urban streets. The UF Overlay will do this by requiring pedestrian-oriented building features, preserving and enhancing the architectural character of new and existing buildings and protecting public safety by minimizing conflicts between vehicles and pedestrians. UF Overlay Districts are planned to be densely developed areas with a majority of the buildings set relatively close to the street and parking located behind the main building. For a full description of the Urban Form Overlay District you can go to the American Legal Publishing website (Section 348.04).

**Limited Retail Districts:** Residential uses, retail Stores, food stores, variety stores, shoe stores, drugstores, eating places, professional offices, office buildings, hotels, motels, and banks. For a full description of the Limited Retail District you can go to the American Legal Publishing website (Section 343.22).

**Multi-Family Residential Districts:** One family houses, two family houses, rooming houses, row houses, apartment houses, fraternities and sororities, etc. For a full description of the Multi-Family District you can go to the American Legal Publishing website (Section 337.08)
