Explanation of Proposed Rezoning

Ordinance No. TBA: Changing the Use, Area and Height Districts south of Fairfield Ave Between W. 14th St. & W. 11th St. and adding the Urban Form Overlay. (Map Change 2559)

Permitted Uses in Proposed or Existing Zoning Districts:

Existing

General Retail Business Districts: Retail stores, department stores, funeral parlors, new and used car lots, gas stations, office buildings, hotels and motels, banks, gamerooms and similar uses. For a full description of the Multi-Family District you can go to the American Legal Publishing website (Section 343.11)

Multi-Family Residential Districts: One family houses, two family houses, rooming houses, row houses, apartment houses, fraternities and sororities, etc. For a full description of the Multi-Family District you can go to the American Legal Publishing website (Section 337.08)

Area District

Area District 'B' allows for a maximum gross floor area of residential buildings to be equal to ½ the total lot area. Area District 'D' allows for a maximum gross floor to be equal to the total lot area.

Height District

Height District '1' allows for a maximum height of the building to be 35 feet tall. Height District '2' allows for a maximum height of a building to be 60 feet tall.

Proposed

The Urban Form Overlay (UF Overlay) District: is established to create a high degree of walkability and design quality for Cleveland's urban streets. The UF Overlay will do this by requiring pedestrian-oriented building features, preserving and enhancing the architectural character of new and existing buildings and protecting public safety by minimizing conflicts between vehicles and pedestrians. UF Overlay Districts are planned to be densely developed areas with a majority of the buildings set relatively close to the street and parking located behind the main building. For a full description of the Urban Form Overlay District you can go to the American Legal Publishing website (Section 348.04) <https://goo.gl/9vvKrk>

Area District

Area District 'G' allows for a maximum gross floor area of residential buildings to be equal to 3 times the total lot area.

NOTE: If this proposed zoning change becomes effective, the law requires that the legal use of all existing buildings in the area be allowed to remain, but there can be no additions or expansions of those uses made nonconforming by this change without a special permit from the Board of Zoning Appeals.
